JOB OPPORTUNITY ANNOUNCEMENT

J.O.A. # 12-02

Posting Date: 11/29/11

Application Deadline: Until filled

Position Title: Asst Hydrologist

Position Number: 411022

Starting Salary: Up to \$40,000 DOQ

Job Location: Headquarters - Midway, FL

Located 10 miles west of Tallahassee on Hwy. 90

Minimum Qualifications:

Graduation from an accredited college or university with a bachelor of science degree in civil or environmental engineering and a minimum of three months job experience involving surface water analysis, hydrology and hydraulics. Experience using GIS, ICPR and/or similar hydrologic modeling experience. Possession of EIT certificate. Requires a valid Florida Driver's license or the ability to obtain within six months.

Brief Description of Position:

This is an assistant level professional position involving surface water analysis, water resources engineering, water quality, hydrology, hydraulics, surface drainage and field data collection.

Assists in river basin analysis including flooding, low flows, water budgets, rainfall/runoff and calibration of hydrologic watershed models. Uses computer models for flood routing, backwater analysis, flood damage and stormwater management. Participates on multi-discipline project teams for performing highly complex analysis of problems related to stormwater management and water resources engineering. Assists with the development of hydrologic and hydraulic computer models and reports. Assists in all phases of field data collection including flow measurements in streams and estuaries, preparation of ratings and surveying. Performs related duties as assigned.

Special Abilities:

A bachelor's degree as specified above; strong background and experience in engineering. Extensive computer experience and experience with computer data bases. Knowledge of fundamentals of surface water flow and drainage evaluations.

How to apply: Submit a Northwest Florida Water Management District Application and resume to:
